

DR. ERIKA SATO

Surgical Pricing Guide

Your search process for the right Plastic Surgeon can be a daunting task. First and foremost you want to find a Board Certified Plastic Surgeon (Board Certified by the American Board of Plastic Surgery). Even so no two Plastic Surgeons are the same. Given similar surgical training and execution of the same technique when performing a procedure, each surgeon will produce a unique cosmetic result. Your chosen surgeon is an artist and their personal expression, attention to detail, and judgment will create their own version of that masterpiece. Dr. Erika Sato prides herself with the highest standard of care in cosmetic plastic surgery.

An example of Dr. Sato's current price structure is listed below. Procedures are performed under general anesthesia in one of two AAAASF certified in-office private operating suites or Memorial Houston Surgery Center (owned and operated by SCA).

BOARD CERTIFIED PLASTIC SURGEON

Surgical Price Quote

JANE DOE
05/16/1975
123-456-7890

PROCEDURE(S)

Breast Augmentation	\$3,890.00
Breast Implants	\$1,370.00

OPERATING ROOM FEE

1 hour	\$1,350.00
--------	------------

ANESTHESIA FEE

Includes hours of anesthesia care and recovery from anesthesia. You will have a board certified anesthesiologist along with a nurse anesthetist and/or anesthesia assistant participating in your care. This is an estimate as each individual patient may require more time from the anesthesiologist and therefore could receive an additional bill.

Paid to Medical Anesthesia Associates (MAA)	\$740.00
CosmetAssure	\$150.00

GRAND TOTAL	\$7,500.00
-------------	------------

Quote amounts are valid for 30 days after your consultation. Prices are subject to change. Please keep in mind that post op prescriptions medications and additional tests/ studies may be required for surgical clearance and are your financial responsibility and are not included in the above quote.
